

# Silicon Bipolar High $f_T$ Low Noise Medium Power 12 Volt Transistors

## MP4T243 Series

V3.00

### Features

- Low Phase Noise Oscillator Transistor
- 200 mW Driver Amplifier Transistor
- Operation to 8 GHz
- Available as Chip
- Available in Hermetic Surface Mount Packages

### Description

The MP4T24300 series of high  $f_T$  NPN medium power bipolar transistors are designed for usage in oscillators to 8 GHz and for moderate power driver amplifiers through 3 GHz with noise figure below 4 dB.

This industry standard transistor is available as a chip for hybrid oscillator circuits or in hermetic ceramic packages for military usage. The chip and hermetic packages may be screened to JANTXV equivalent levels.

The MP4T243 transistors utilize sub-micron photolithography and locos oxidation techniques to minimize parasitic capacitances. It also reduces shot noise enabling improved low noise characteristics. These transistors use a high temperature refractory barrier/gold metalization process. The MP4T243 transistor is emitter ballasted using ion implanted polysilicon resistors to prevent emitter current hot spots at high current operation.

## Absolute Maximum Ratings @ 25°C

Parameter	Symbol	Unit	MP4T24300 Chip	MP4T24335 Micro-X
Collector-Base Voltage <sup>1</sup>	$V_{CBO}$	Volts	25	25
Collector-Emitter Voltage <sup>1</sup>	$V_{CEO}$	Volts	12	12
Emitter-Base Voltage <sup>1</sup>	$V_{EBO}$	Volts	1.5	1.5
Collector Current <sup>1</sup>	$I_C$	mA	110	110
Junction Temperature	$T_j$	°C	200	200
Storage Temperature	$T_{STG}$	°C	-65 to +200	-65 to +200
Power Dissipation <sup>1,3</sup>	$P_T$	mW	1000	400
Operating Temperature <sup>2</sup>	$T_{CP}$	°C	150	150

1. At 25°C case temperature (packaged transistors) or 25°C mounting surface temperature (chip transistors).

2. Case or bonding surface temperature. Derate maximum power dissipation rating to zero watts at maximum operating temperature.

3. The thermal resistance of the MP4T24300 junction/case is 50°C/watt nominal.

## Electrical Specifications @ 25°C

Parameter	Condition	Symbol	Units	MP4T24300 Chip	MP4T24335 Micro-X
